Your cozy home seemed perfect when you were expecting. Then came the unexpected.

Sometimes we all need a little extra room. Or three. Fortunately, mortgage rates are still low. Now's your chance to refinance, remodel, or buy a new home.

## Home Loans

15 year term  
**5.94% APR**

Above stated interest rate effective April 2, 2007. Mortgage rates can change at any time, so please contact your local First Interstate branch or go to [www.firstinterstate.com](http://www.firstinterstate.com) for today's rates. Other terms are available and we offer great rates on home equity loans and lines of credit.

Across Montana and Wyoming. It's our home too.
